Impact Strength	Withstands 4-ft drops
Operational Temp	5°F (-8°C) to +110°F (70°C)
Storage Temp	0°F (-17°C) to +120°F (49°C)
LED Life	50,000 hours
Size	Length: 2.8"(7cm), Diameter 1.6" (4cm)
Weight	2.6 oz (74 gr)

One of the great features of the PathFinder Bicycle Flashlight is its versatility. In the unfortunate event of a flat tire at night, PathFinder can be quickly detached and used as a flashlight or completely repositioned on the bike frame and used as a work light. The PathFinder Bicycle Flashlight can also be attached to tree branches and used as a campsite spot light.
